BUSINESS

The Engine that Drives America's Economy

Family businesses account for 64 percent of U.S. gross domestic product, generate 62 percent of the country's employment, and account for 78 percent of all new job creation.

Family-owned businesses are the backbone of the American economy. Studies have shown about 35 percent of Fortune 500 companies are family-controlled and represent the full spectrum of American companies from small business to major corporations.

The greatest part of America's wealth lies with family-owned businesses. According to the US Census Bureau, family firms comprise 90 percent of all business enterprises in North America.

Small businesses, including many family firms, employ just over half of US workers.

Research shows that family businesses are less likely to lay off employees regardless of financial performance.

>> **Bishopp's Appliance**

OWNERS: Rebecca Bishopp

FAMILY: My grandfather, Richard Bishopp, and his wife Nola Bess, founded the business, and it was originally named Bishopp's TrueValue Hardware and Appliances.

ESTABLISHED: 1947

PRODUCTS/SERVICES:

We sell major kitchen and laundry appliances. We offer delivery and installation services, online shopping, curbside pick-up and haul away of old appliances.

Reason for Going into Business:

My grandfather wanted to start a business where the whole family could work together and be able to pass it on to the next generation.

Fun Fact:

Growing up, my sister and I worked in the hardware section of the store, mixing paint, making keys and helping with inventory. So after my father and aunt retired, I took over, knowing that's what my grandfather would have wanted.

Best part of being in business in Columbus/Bartholomew County:

Columbus has always been my home and I really enjoy meeting and getting to know and hopefully helping everyone in my community.

Biggest Challenge:

Like many other businesses, the pandemic affected the receiving of supplies needed to sustain a profitable business.

>> Burt's Termite & Pest Control, Inc.

OWNERS: Doug and Cindi Foster

FAMILY: Autumn Powers and Brandon Foster

ESTABLISHED: 1973

PRODUCTS/SERVICES:

General Pest Control: Spiders, Ants, Fleas, cockroaches; Termite Control; Termite Prevention; Rodent Control; Bed Bug Control; Tick and Mosquito Control

ADDITIONAL:

Saturday Hours, Entomologist on Staff, Owners on Site

Reason for Going into Business:

We have a desire to help people, want to direct our family's future and give back to the community.

Fun Fact:

This is our 49th year in business. Steve Morrison, one of our long-time employees won a National Award—PCT Magazine/BASF Termite Technician of the year for 2020! Voted Best Exterminator by The Republic's Readers' Choice and The Tribune's Readers' Choice.

Best part of being in business in Columbus/Bartholomew County:

Growing up and raising our family in Columbus, it is beyond rewarding to serve and help so many friends, family, former teachers and business leaders in the community. We also love the opportunity to work with the city and county services of Columbus and the strong sense of community that Columbus enjoys.

Biggest Challenge:

Pest control is an occupation that most people could not or would not do. One of our biggest challenges is finding technicians who do not mind working in the "dirty job" environment in order to help others. The dirt on our coveralls and the cobwebs on our hats demonstrate the honorable work that we perform daily and are grateful for.

The Family

Doug is the Owner/President of Burt's Termite & Pest Control, Inc. He has a degree in Urban Entomology from Purdue University. Cindi is the Owner/Vice President of Burt's Termite & Pest Control and has a master's degree in Education from Indiana University. Their children Autumn Powers and Brandon Foster have also been an active part of the business for over 15 years. Burt's is a true local "home grown" family business serving area families and businesses since 1973.

OUR COMMITMENT TO YOU

We believe the best companies love to help and serve people. Burt's is committed to helping clients achieve a safe, pest-free environment whether it be at home or at work.

We have the solutions to your pest problems.

SERVICES

Residential: We are committed to protecting your health and your home.

Commercial: We will solve your pest problems, protecting your business and reputation.

Termite Control: Our 100% money back guarantee gives you a no-risk opportunity to get rid of your termites.

Bed Bugs: We use the most up to date methods to get rid of your bed bugs.

Thermal Remediation: Thermal Remediation Available

>> Bush's Market

OWNER: The Bush Family

FAMILY: Betty & family, Joe/Kathy & family,
John/Shirley & family, Carolyn/Larry & family,
Rick/Jane & family

ESTABLISHED: 1929

PRODUCTS/SERVICES: Fresh homegrown
fruits and vegetables from mid-July through October 31,
fresh pork from December through mid-March

ADDITIONAL: In-store shopping

Reason for Going into Business:

Bush's Market began more than nine decades ago when Henry Bush started selling cucumbers under a shade tree in the front yard.

Fun Fact:

A yearly event on our farm is the firing of the pumpkin cannon in the fall. Stop by during the harvest of pumpkins, gourds, winter squash and Indian corn. Bring your loved ones along to see the beautiful displays.

Best part of being in business in Columbus/Bartholomew County:

Our goal is to supply the entire Columbus area with healthy food options. From summer to fall, we make sure you have a variety of the freshest fruits to choose from. Our selection changes depending on the time of year.

We carry summer vegetables during the season.

When the weather turns cool and the leaves change color, head to our farm. We offer fall produce, including gourds, pumpkins, squash and chrysanthemums.

In the winter months, we make pork products daily in our butcher shop. Unlike commercially produced pork, our fresh pork does not contain preservatives or fillers. Our sausage is available December to March.

Biggest Challenge:

The weather is our biggest challenge. Too much rain or not enough rain could damage our crops.

>> Clifty Creek Golf Course

OWNERS: O.J. & Judy Thayer

FAMILY: O.J., Judy, Joyce, Rob, Chris, and Melissa
Children: Amanda, Lakeesha, and Greg
Grandchild: Gavin and Arrow Bailey, K9 Mascot: Chopper

ESTABLISHED: 1990

PRODUCTS/SERVICES:

Golf Memberships (Annual, Senior and Military Discounts Available), Outings, Scrambles, Leagues, Night Golf

ADDITIONAL:

Snack Bar, 9 hole 36 Par Golf Course Serving Columbus, Shelbyville and Seymour Areas

David and OJ Thayer

Reason for Going into Business:

Our father always wanted to build a golf course, so Dad and Mom decided to invest the inheritance into it. The whole family worked to build the fairways and greens themselves and put a lot of sweat and tears into this great course.

Fun Fact:

We have a beautiful and scenic nine-hole golf course featuring 2,955 yards of golf from the longest tees for a par 36. This pristine course on rolling terrain is known as “The Relax Spot.” The course rating is 33.1 with a slope rating of 105. This is the perfect course for beginners and experienced golfers alike. No two holes play the same. Clifty Creek is located only 5 miles from Columbus and is very convenient to get to.

Best part of being in business in Columbus/Bartholomew County:

Meeting a lot of great people from the surrounding counties and helping our golfers get fresh air and exercise.

Biggest Challenge:

The weather. We are open from spring to fall, weather permitting. As long as it's not wet out, we are usually open.

>> Family Chiropractic and Wellness

OWNERS: Dr. Mandy Wyant

FAMILY: Husband- Drew Wyant Kids- Will (7) and Virginia (4)

ESTABLISHED: 2011

PRODUCTS/SERVICES:

Chiropractic care for all ages! We provide quality and individualized care to the people of this wonderful community. We enjoy helping patients find relief from pain, but also helping them to figure out how to maintain health and wellness in their everyday life. Our doctors can help with neck pain, back pain, headaches and migraines, as well as prenatal and pediatric care. We enjoy teaming up with our patients to develop a home care plan consisting of stretching, strengthening and posture recommendations.

Reason for Going into Business:

As a pre-med student at DePauw University, I knew I wanted to work in healthcare, but didn't know which specialty until I did extensive shadowing and observation in a variety of hospital and outpatient settings. The moment I shadowed a Chiropractor, I knew it was the field for me. Our patients are happy to see us and are often excited for their adjustments! Our patients are motivated to take ownership of their own health and wellbeing and want to do what it takes to prevent immobility and pain. To me, that is true HEALTH care.

Fun Fact:

Being home to four Doctors of Chiropractic lends our office to unique opportunities to serve our patients. Each week the four doctors discuss any challenging cases, review x-rays and put our heads together to best serve our patients. We also work hard to ensure each patient land with the Doctor that best fits their needs. Being able to do all of this in-house allows us to compound our knowledge base and expand the types of conditions that we can help.

Best part of being in business in Columbus/Bartholomew County:

Columbus is a wonderful and welcoming community and my husband and I felt instantly at home here. Our office loves being able to give back to this wonderful place and continue the precedent set of partnership between small business and nonprofits. This is the reason we decided early-on to set up a Philanthropy of the Year each year and why we've been able to donate over \$200,000 to local non-profits over the past 11 years.

Biggest Challenge:

Well these past two years have been a challenge! But I actually think the hardest for me as a small-business owner has been learning how to balance it all: taking great care of my patients, taking great care of my staff, being a steward in my community and most importantly, still having time and energy to be the best mom and wife to my family. It's always a balancing act and I'm still figuring it out!

>> Farmhouse Favorites Bakery & Market

OWNERS: Susan Martin & Mable Zimmerman

FAMILY: Martin & Zimmerman both come from large families, and their mothers taught them that making good food is an art.

ESTABLISHED: 2021

PRODUCTS/SERVICES:

Fresh baked goods: fruit pies, cream pies, bread, specialty breads, sweet breads, cakes, cookies, whoopie pies, noodles, health bites and cinnamon rolls. We also offer homemade salads, lunch items, produce, jams, jellies, salsa, candy, prepared meals, meat and cheese, gift items, homemade soups in the winter and much, much more.

Reason for Going into Business:

To supply people in Columbus with what they like: Real, homemade food! Our goal is to make everyone's day better just by shopping in our little store.

Interesting Fact(s):

Voted the number one bakery in Columbus.

"We Bake What You Want" is our motto. We welcome special orders, cater for parties/events and extend curbside pick-up to our customers.

Best part of being in business in Columbus/Bartholomew County:

Our many loyal customers give us the joy of knowing that they love our products.

Biggest Challenge:

Keeping our shelves filled with fresh, homemade baked goods. Baking takes time and sometimes supplies run out, but we do our best to always keep our goodies freshly baked.

>> Fitzsimmons Plumbing LLC

OWNER: Chris Fitzsimmons

FAMILY: Chris and wife, Natasha, sons Connor and Cody

ESTABLISHED: 2018

PRODUCTS/SERVICES:

Residential and Commercial Plumbing repairs, Installation, Remodels, Tankless Water Heaters, Gas Pipe Repairs, Drain Installation
Veteran Owned, Owner on Site, Emergency Services

Reason for Going into Business:

After years of working in the industry, Chris decided to start his own business, allowing him the freedom to focus on raising his children, while also making a living. He enjoys being able to influence his family's future by teaching them to be self-sufficient at a young age.

Interesting Fact:

As the owner and operator of Fitzsimmons Plumbing, Chris also manages jobs, handles all of the bids, the scheduling, and financial work of the company.

Best part of being in business in Columbus/Bartholomew County:

Chris loves the customer relationships that are able to be built in a small town. "Word of mouth" referrals establishes a sense of community in local businesses and their owners.

Biggest Challenge:

Like so many other businesses, the rising cost of fuel and materials is a big challenge. Shortages have also made some materials hard to get.

>> Lovin My Health, DPC

OWNER: Dr. Teresa Lovins M.D., FAFP

FAMILY: Married with four children and six dogs.

ESTABLISHED: 2020

PRODUCTS/SERVICES:

Well-women care, well-child care, chronic illness care, immunizations, diabetes management (in-house testing), coordination of care with specialists, telehealth/virtual care, acute care visits, some dermatologic procedures and health risk assessments. By paying a monthly subscription, patients have access to virtual or in-person visits with their doctor. All services performed in office are usually covered by the monthly fee and visits are longer than most traditional practices. My patient panel is less than traditional practices.

Reason for Going into Business:

I always wanted to spend more time with my patients and that time was being shortened to increase the number of visits per day. This model allows me to set the time the patient needs for their care.

Interesting Fact:

Lovin My Health was the first Direct Primary Care (DPC) office in Southern Indiana. Since then, DPC has grown across the nation as physicians and patients see the need to control their healthcare expenses. DPC is a subscription model of healthcare removing insurance. Think Netflix for healthcare.

Best part of being in business in Columbus/Bartholomew County:

Columbus is my hometown. I graduated from Columbus North and my husband and I still have family here, so it's nice to know the events and people in town.

Biggest Challenge:

I started my business right when the pandemic hit, so that had a large impact to the initial growth of my business. Also, since they don't teach business in Medical School or Residency, learning to run the daily operations a business has been a big challenge as well.

>> Norman Funeral Home

OWNER: Suzie Norman and Ashley Norman Loyd

FAMILY: Ashley Norman Loyd (Fifth Generation Funeral Director, daughter) and Andy Norman (son)

ESTABLISHED: 1880

PRODUCTS/SERVICES:

Atneed, Preneed, Cremations, Special Services to Preserve the Memory of your Loved One such as Laminated Obituaries, Memorial Cards, Candles, Throws

Reason for Going into Business:

The Normans traveled to Hope from North Carolina to settle, and George Norman started a furniture store and had a son, E.A. Norman, who worked in the business. The day came when the need to build wood caskets arose, and E.A. became interested in the funeral business. After the death of his father, he decided to close the furniture store and started a funeral business.

Interesting Fact:

It is the oldest business in Hope to be continuously owned and operated by the same family. Ashley Norman is now the fifth generation at Norman Funeral Home.

Best part of being in business in Columbus/Bartholomew County:

It's great to serve a small, close-knit community like Hope.

Biggest Challenge:

Right now it is the COVID-19 virus, but another challenge is making sure that we please every family we serve.

>> Sew Crazy

OWNERS: Angie & Tim Behrman

FAMILY: Children: Brittany Pullin, Chelsea Condra, Gabrielle Menser, Benjamin Sully and Isabelle Sully; Grandchildren: Raelynn Menser, Kaedyn Pullin and Griffin Condra.

ESTABLISHED: 2018

PRODUCTS/SERVICES:

We exclusively offer Husqvarna Viking and PFAFF sewing and Embroidery machines and we are a dealer of Singer Elite sewing machines. We also carry Quilting Fabrics, Notions and accessories for Machine Embroidery. We offer repair service to Husqvarna Viking and PFAFF machines and free one-on-one instructional lessons on machines purchased from us.

Reason for Going into Business:

To bring sewing back! We love the opportunity to interact with our community of sewers and quilters.

Interesting Fact:

In order to give back to our community, each year we create ‘charity projects.’ This year we added “Creating Pillow Case Dresses” and “Quilts for Kids” to our list by assisting Samaritans Purse with making pillow case dresses and Pine Knot Elementary in McCreary County, Kentucky with their “Quilts for Kids” program.

Best part of being in business in Columbus/Bartholomew County:

So many people in this community always offer their time to help us with our charity projects, even if they do not sew or quilt.

Biggest Challenge:

Our biggest challenge has been trying to persuade people to come to our in-person classes. Most people want to take online classes and when they have problems with their machines or the project they are working on, I am unable to help them. Also, acquiring machines and parts has been a struggle, causing delays in repairs and decreasing sales.

>> Taulman Chiropractic: Your Path to Wellness

OWNER: Dr. Scott and Sheila Taulman

FAMILY: Dr Scott and Sheila are celebrating 30 years in practice, as well as marriage, this year. They have worked together to build a cohesive, chiropractic family filled with like-minded, health-conscious practice members and staff. They have a daughter, Brooklyn, who will earn her doctorate in Audiology in 2023, and is currently completing a residency at Heuser Institute in Louisville, KY.

ESTABLISHED: 1992

PRODUCTS/SERVICES:

Proven chiropractic services and cutting-edge techniques that can improve your overall health and well-being. Dr. Taulman is a Certified Chiropractic Wellness Practitioner with over 30 years of experience. In addition to traditional effective chiropractic care, they also provide a light force technique computerized Pro-Adjuster, on-site digital radiographs, computerized static electromyography and thermal nervous system computerized testing, nutritional assessments and supplements, cold laser therapy, flexion-distraction, Y axis traction, customized orthotic fitting, and more.

Reason for Going into Business:

Dr. Taulman is passionate about health and wellness. The office mission is to provide a drug-free alternative for pain and a properly functioning nervous system for better health.

The Taulman family is very active with water sports and physical exercise. Dr. Taulman has a Cross-Fit home gym, runs, and does yoga and meditation. Sheila enjoys walking their four dogs and is a certified yoga instructor who teaches classes at Happy Spine Studio at the Taulman Chiropractic Office.

Interesting Fact:

Taulman Chiropractic first opened in 1992 in Dr. Taulman's hometown of Edinburgh. As the practice grew, it was expanded to the west side of Columbus in 2008. In 2018 they purchased and remodeled the current Washington Street location in downtown Columbus.

Best part of being in business in Columbus/Bartholomew County:

The downtown Columbus location is centrally located and easily accessible to all of Bartholomew County and neighboring communities. Columbus is an active community with many health conscious families who are seeking ways to maintain and enjoy healthful living with chiropractic and a properly functioning nervous system.

Biggest Challenge:

Many people do not understand what a chiropractor does or why they should see one. However, most people overuse their neck muscles with activities such as driving, working at a computer, reading in bed and texting with their head down. Chiropractors help patients with everything from headaches to lower back pain without drugs or surgery. Once people seek treatment, they realize there are many benefits to getting adjusted, in addition to experiencing less pain and better mobility.

>> Williams Brothers Healthcare

OWNERS: Mark and CC Williams

ESTABLISHED: 1899

PRODUCTS/SERVICES:

Home Medical Equipment, Diabetic Shoes, Pedorthics, Respiratory Care, Sleep Care, Oxygen Delivery Home Modifications, Lift Chairs, Wound Care Home Infusion Services

ADDITIONAL:

Oxygen Delivery, CPAP/BiPAP resupply delivery, free home assessment for home modifications, delivery on large products (lift chairs, stair lifts, etc.)

Reason for Going into Business:

Williams Bros. Health Care Pharmacy was established in 1988 by brothers Charles, Mark and Jeff Williams. The brothers wanted to revive and expand upon the original pharmacy business begun by their great – grandfather, Charles C. Williams, in 1899 and continued through grandfather, Joe and father, Paul. The brothers initially began a retail pharmacy and home medical equipment company in 1988. Over the years, they continued to expand the health care services offered to continue to improve patients' lives every day starting with home infusion (1990), long term care pharmacy (1995), safe home solutions (2016), and specialty meds (2018).

The foundation of the original Williams Pharmacy was built on superior customer service. We are committed to hold this as a core value in operating our business. Since the pharmacy opening, Williams Bros. has been and will remain an independent pharmacy. All of us at Williams Bros. feel it is important to retain the small business advantages for the benefit of our patients and customers. The company is proud of its continual community involvement and has a long-standing tradition of service within each of the communities it serves.

Fun Fact:

We are now on the 5th generation of pharmacists and owners. We employ over 500 employees that share our mission and vision to help achieve our goals. Williams Bros. Columbus offers a full suite of home medical equipment products from walkers and wheelchairs to grab bars and commodes we have everything you need to stay safe in your home. We also employ a certified pedorthist who is specifically trained in comprehensive foot care using therapeutic foot wear and supportive orthotic devices for the foot. We also provide oxygen and sleep services with our respirator therapy team.

Best part of being in business in Columbus/Bartholomew County:

We take great pride in caring for the citizens of Columbus & Bartholomew Co. It is gratifying to help our patients live a safer, more independent way of life.

Biggest Challenge:

Over the past year there has been a nationwide recall for ventilators and sleep devices like CPAP and BIPAP. During this recall product availability was scarce and with those supply chain challenges it became a challenge to set-up patients with the devices they needed. Fortunately, we are through the recall and now have no wait list for our sleep devices.
